Welcome to Roulette X, an exhilarating, supercharged bonus roulette experience where unlocking the potential to win an incredible 250X. With each spin of the wheel, the excitement builds as when the betting period ends, between two and five roulette numbers with multipliers are randomly selected and revealed to the player. The bet wins if a straight up bet is placed on the winning roulette number. If a multiplier was randomly selected for that number, the win will be paid based on the corresponding bonus odds; otherwise, the base odds will apply for all winning bets.
